In addition to the standard components on the Admit Workflow (see the H&P job aid for more information), the MCC and SCCC workflows will have department specific components and special features in the H&P note template.

Admission Data and Goals of Care

In addition to the standard Goals of Care form available under Admission Data and Goals of Care, the Critical Care workflows also have several other forms which you can access. Click the dropdown and then click the form you wish to open.

SCCC Clinical Information Form

I&O

The I&O component works the same as the Manage Workflow, displaying I&O results for the current visit for the 24 hour period starting at 00:00.

Creating the ICU History and Physical Note

1. After documenting on the Admit workflow, click **Create Note**.
2. The New Note screen opens.
3. From the Type dropdown, select **H&P**.
4. Verify the Date and Time matches your Date and Time of Service (you may backdate if making a late entry).
5. Under Note Templates, click **ICU H&P**.
   Favorites: It is recommended to make this template a favorite.
   *Click the star next to the template name.*
      The template will be added to the Favorites folder.
      On future note creation, click on the Favorites tab to select the ICU H&P.
6. Click **OK** .
