New Level of Care Unit choices in Admission Orders

November 2015

What's the change?

Starting December 2, 2015, some admission orders will include more specific unit choices for Level of Care within the order details. This allows you to indicate your preference and for better patient placement by Bed Board. Orders include:

- Admit to Inpatient Status Order •
- Place in Observation Status Order

Admit to Inpatient Status Order

When selecting the Level of Care for Admit to Inpatient Status, you will have more specific ICU unit selections. Indicate your preference of ICU unit by clicking it on the Order Sentences screen.
