

| Result Commands   |                                    |   |
|---|------------------------------------|---|
| Description of Content  | Autotext Abbreviation              | Dragon Command Name                       |
| Labs: ABG - Last result within past 12 hours  | .abg_last_12hrs                    | Insert ABG                                |
| Labs: ABG - Last result within past 24 hours  | .abg_last_24hrs                    | Insert ABG Last                           |
| Labs: ABGs last 3 results (3 sets)  | .abg_last_3_results                | Insert ABG Last Three                     |
| Insert Allergies  | .allergies                         | Insert Allergies                          |
| Labs: Anemia (Bili, Direct Bili, Direct Coombs, Ferritin, Haptoglobin, TIBC, SPEP, Folate, LDH, Retic)                                | .anemia_labs_24hrs                 | Insert Anemia Labs                        |
| Anemia Labs Last  | .anemia_labs_last                  | Insert Anemia Labs Last                   |
| For each antibiotic, # of days that antibiotic type has been administered (regardless of dose/route changes) and current order detail | .antibiotic_orders                 | Insert Antibiotic Orders                  |
| Bipap settings  | .bipap                             | Insert Bipap Settings                     |
| Birth Weight  | .birth_weight                      | Insert Birth Weight                       |
| Labs: Last results for body fluid analysis, this encounter only   | .body_fluid_labs                   | Insert body fluid analysis                |
| Body Fluids Last 24   | .body_fluids_labs_24hrs            | Insert Body Fluid Labs 24                 |
| Labs: Cardiac enzymes + BNP (most recent within last 12 hrs)  | .cardiac_labs_12hrs                | Insert Cardiac Labs                       |
| Labs: Cardiac enzymes + BNP (last resulted for this encounter)  | .cardiac_labs_last                 | Insert Cardiac Labs Last                  |
| Central Line - Number of days a central line has been present   | .central_line_day                  | Insert Central Line                       |
| Chest PA/Lat Impression   | .chest_pa_lat_impression           | Insert Chest Pa Lat Impression            |
| Chest Portable Impression   | .chest_portable_impression         | Insert Chest Portable Impression          |
| CIWA Score  | .ciwa_score                        | Insert CIWA Score                         |
| Labs: PT, INR, PTT, DIC, Fibrinogen, Thrombin Time - within last 12 hours   | .coag_labs_12hrs                   | Insert Coags                              |
| Labs: PT, INR, PTT, DIC, Fibrinogen, Thrombin Time - last from encounter  | .coag_labs_last                    | Insert Coags Last                         |
| DNR order - active  | .code_status                       | Insert Code status                        |
| Creatinine Trend  | .creatinine_trend                  | Insert Creatinine Trend                   |
| Creatinine Trend Across Encounters  | .creatinine_trend_cross_encounters | Insert Creatinine Trend Across Encounters |

| Description of Content   | Autotext Abbreviation             | Dragon Command Name                             |
|--|-----------------------------------|---|
| CSF Labs Last  | .csf_labs_last                    | Insert CSF Labs Last                            |
| CSF Labs Last 24hrs  | .csf_labs_last_24hrs              | Insert CSF Labs Last 24hrs                      |
| CT abdomen/Pelvis w Impression                                       | .ct_abd_pelvis_w_impression       | Insert CT abdomen/Pelvis w Impression           |
| CT abdomen/Pelvis wo Impression                                      | .ct_abd_pelvis_wo_impression      | Insert CT abdomen/Pelvis wo Impression          |
| CT Chest/Abdomen/Pelvis w Impression                                 | .ct_chest_abd_pelvis_w_impression | Insert CT Chest/Abdomen/Pelvis w Impression     |
| CT Head wo Impression  | .ct_head_wo_impression            | Insert CT Head wo Impression                    |
| CT Kidney Stone Impression   | .ct_kidney_stone_impression       | Insert CT Kidney Stone Impression               |
| CT Spine Cervical wo Impression                                      | .ct_spine_cervical_wo_impression  | Insert CT Spine Cervical wo Impression          |
| CTA Chest Impression   | .cta_chest_impression             | Insert CTA Chest Impression                     |
| CTA Head Impression  | .cta_head_impression              | Insert CTA Head Impression                      |
| Labs: D Dimer  | .d_dimer_labs                     | Insert D Dimer                                  |
| Date and time of Service   | .date_and_time                    | Insert Date and Time                            |
| Diet Orders  | .diet_orders                      | Insert Diet Orders                              |
| Labs: Differential (WBC) - within last 24hrs                         | .differential_24hrs               | Insert Differential                             |
| Labs: Differential (WBC) - last from encounter                       | .differential_last                | Insert Differential Last                        |
| Output from any drains recorded in I/O                               | .drain_output                     | Insert Drain Output                             |
| Admit DX and ED Disposition  | .ed_admit                         | Insert ED Admit                                 |
| Discharge DX and Disposition and Depart Instructions                 | .ed_discharge                     | Insert Ed Discharge                             |
| ED Fishbone  | .ed_fishbone                      | Insert ED Fishbone Labs                         |
| ED Labs Other  | .ed_labs_other                    | Insert ED Labs Other                            |
| ED Radiology Orders  | .ed_radiology                     | Insert Radiology                                |
| EEG Impression 1 month across Encounters                             | .eeg_impression_1_month           | Insert EEG Impression 1 month across Encounters |
| Electrolytes latest in last 24hrs                                    | .electrolyes_24hrs                | Insert Electrolytes latest in last 24 hrs       |
| Labs: electrolytes, other ( Mg, Phos, Ca)                            | .electrolytes_other_last          | Insert Electrolytes Other                       |
| Other Electrolyte Labs   | .electrolytes_other_last_12hrs    | Insert Electrolytes Other Last 12hrs            |
| Ferritin Lab Trend Last 3 Values                                     | .ferritin_lab_trend               | Insert Ferritin Lab Trend                       |
| Labs: Chem7 and CBC in a fishbone format                             | .fishbone_12hrs                   | Insert Fishbone Labs 12hrs                      |
| Fishbone 20hrs   | .fishbone_20hrs                   | Insert Fishbone Labs 20hrs                      |
| Fishbone Last  | .fishbone_last                    | Insert Fishbone Labs Last                       |
| Labs: GI Labs (LFTs, Lipase, ammonia, amylase) - within last 12 hrs  | .gi_labs_last                     | Insert GI Labs                                  |
| Labs: GI Labs (LFTs, Lipase, ammonia, amylase) - last from encounter | .gi_labs_last_12hrs               | Insert GI Labs Last 12hrs                       |

| Description of Content   | Autotext Abbreviation                 | Dragon Command Name                              |
|--|---------------------------------------|--|
| Labs: Glycemic trend - glucose results from today and previous day | .glycemic_trend                       | Insert Glycemic Trend                            |
| Patient Goals  | .goals                                | Insert Goals                                     |
| HBA1C Trend  | .hba1c_trend                          | Insert HBA1C Trend                               |
| Labs: Tacrolimus and Cyclosporine levels                           | .hem_onc_levels                       | Insert Heme Onc levels                           |
| Labs: Hepatitis lab results  | .hepatitis_labs                       | Insert Hepatitis Labs                            |
| Labs: Last 3 Hemoglobin & Hematocrit results                       | .hh_trend                             | Insert H and H trend                             |
| H&H Trend Across Different Encounters                              | .hh_trend_cross_encounters            | Insert H&H Trend Cross Encounters                |
| Hospital Day #   | .hospital_day                         | Insert Hospital Day                              |
| I & O 72 hrs   | .i_o_72hrs                            | Insert I and O 72hrs                             |
| Immunology Results   | .immunology_results                   | Insert Immunology Results                        |
| Intake and Output from last 24 hours (midnight to midnight)        | .io                                   | Insert I and O                                   |
| Labs resulted in the last 24hrs (excluding POC)                    | .labs_24                              | Insert Labs 24hrs                                |
| Labs: Serum lactate level - within last 12 hours                   | .lactate_12hrs                        | Insert Lactate                                   |
| Labs: Serum lactate level - last from encounter                    | .lactate_last                         | Insert Lactate Last                              |
| Lactate Trend  | .lactate_trend                        | Insert Lactate Trend                             |
| Labs: Liver Function Tests - within last 12 hours                  | .lft_12hrs                            | Insert LFT                                       |
| Labs: Liver Function Tests - last from encounter                   | .lft_last                             | Insert LFT Last                                  |
| Labs: Lipid Profile  | .lipid_profile_labs                   | Insert Lipids                                    |
| Inpatient Medication List  | .meds_inpatient                       | Insert Inpatient Medication List                 |
| My name  | .my_name                              | Insert My Name                                   |
| NICU Adomen Flat Plate Impression                                  | .nicu_adb_flat_plate_impression       | Insert Adomen Flat Plate Impression              |
| NICU Blood Culutre Result  | .nicu_blood_culture_result            | Insert Blood Culutre Result                      |
| NICU Day of Life and Corrected Gestational Age                     | .nicu_day_life_and_corrected_gest_age | Insert Day of Life and Corrected Gestational Age |
| NICU EEG Imperssion  | .nicu_eeg_impression                  | Insert EEG Imperssion                            |
| NICU Feedings  | .nicu_feedings                        | Insert NICU Feedings                             |
| NICU Histogram   | .nicu_histogram                       | Insert NICU Histogram                            |
| NICU IV Device   | .nicu_iv_device                       | Insert NICU IV Device                            |
| NICU MRI Brain Impression  | .nicu_mri_brain_impressio             | Insert MRI Brain Impression                      |
| NICU Obstruction Series Impression                                 | .nicu_obstruction_series_impression   | Insert Obstruction Series Impression             |
|  |                                       |  |

| Description of Content   | Autotext Abbreviation         | Dragon Command Name                             |
|--|-------------------------------|---|
| NICU POC Labs  | .nicu_poc_labs                | Insert NICU POC Labs                            |
| NICU Respiratory   | .nicu_respiratory             | Insert NICU Respiratory                         |
| NICU Urine Output 8hrs   | .nicu_urine_output_8hr        | Insert NICU Urine Output 8hrs                   |
| NICU US Head Impression  | .nicu_us_head_impression      | Insert US Head Impression                       |
| NICU Vitals Min Max  | .nicu_vitals_min_max          | Insert NICU Vitals Min Max                      |
| NICU WT Change 7Days   | .nicu_wt_change_7day          | Insert NICU WT Change 7Days                     |
| NIH Stroke Score   | .nih_stroke_score             | Insert NIH Stroke Score                         |
| OB Maternal and Past pregnancy delivery history                        | .ob_admission_history         | Insert OB Admission History                     |
| OB Cervical Exam   | .ob_cervical_exam             | Insert OB Cervical Exam                         |
| OB Corrected Gestational Age-from OBIS (used in note for Laboring Mom) | .ob_corrected_gestational_age | Insert Corrected Gestational Age                |
| OB Details of this delivery  | .ob_delivery_history          | Insert OB Delivery History                      |
| OB Fishbone Labs   | .ob_fishbone                  | Insert OB Fishbone                              |
| OB GYN labs (CBC, Mg, LFT, DIC Panel) - last 24 hours                  | .ob_labs_24hrs                | Insert OB Labs                                  |
| OB GYN labs (CBC, Mg, LFT, DIC Panel) - last from encounter            | .ob_labs_last                 | Insert OB Labs Last                             |
| OB Current Oxytocin Rate   | .ob_oxytocin_rate             | Insert Oxytocin Rate                            |
| OB PIH Screen labs: CBC, LD, ALT, AST, Creatinine                      | .ob_pih_screen_labs           | Insert PIH Labs                                 |
| Interfaced Meds from OBIS  | .ob_pitocin_rate              | Insert OB Pitocin Rate                          |
| OB Post-partum day   | .ob_postpartum_day            | Insert Post-partum Day                          |
| OB PP Admin History  | .ob_pp_admn_history           | Insert OB PP Admin History                      |
| OB Pulls Mom's pregnancy complications to the Mom's chart              | .ob_preg_complications        | Insert OB Pregnancy Complications               |
| OB Prenatal Labs (from OBIS or PowerChart - whichever is most recent)  | .ob_prenatal_labs             | Insert OB Prenatal Labs                         |
| OBS Time Calculation   | .obs_time_calculation         | Insert OBS Time Calculation                     |
| Ortho Splints, tractions, and devices                                  | .ortho_devices                | Insert Ortho Devices                            |
