2015 Upgrade- May 2015

Upgrade 2015 Changes

On Wednesday, May 27, 2015, changes related to Upgrade will add new features to your PowerChart workflow.

New : Favorite Note Templates

Now you can set-up Favorite Note Templates to use when creating a new note.

The New Note fields are now shown on the left. This is where you select the note Type.

On the right, scroll down the **All** list to see all note template.

To add as a favorite, click the gray star next to the Note Template.

The star will change to gold and is now a favorite.

Now, when creating notes, you can click on the Favorites button and the list will only contain the starred templates.
